DISCLOSURE OF
POTENTIAL
CONFLICTS OF
INTERESTDisclosure of Potential Conflicts of Interest: The Board noted it was in receipt of
disclosures of potential conflicts of interest statements for each of the Directors and
that the statements had been filed with the Secretary of State at least seventy-two
hours in advance of the meeting. Ms. Ripko requested that the Directors review the
Agenda for the meeting and advised the Board to disclose any new conflicts of
interest which had not been previously disclosed. No further disclosures were made
by Directors present at the meeting.

ADMINISTRATIVE MATTERS

<u>Agenda</u>: Ms. Ripko noted a quorum was present. The Board reviewed the proposed Agenda for the District's Special Meeting.

Following discussion, upon motion duly made by Director Brzostowicz, seconded by Director Hulsebus and, upon vote, unanimously carried, the Board approved the Agenda, as amended.

Location of Meeting and Posting of Meeting Notices: The Board entered into a discussion regarding the requirements of Section 32-1-903(1), C.R.S., concerning the location of the District's Board meeting. The Board determined that, due to concerns regarding the spread of the coronavirus (COVID-19) and the benefits to the control of the spread of the virus by limiting in-person contact, the meeting would be held by telephonic means, and encouraged public participation via telephone. The Board further noted that notice of the time, date and location/manner of the meeting was duly posted and that that no objections to the telephonic manner of the meeting, or any requests that the telephonic manner of the meeting be changed by taxpaying electors within the District boundaries have been received.

<u>Minutes</u>: The Board reviewed the Minutes of the February 3, 2021 and February 18, 2021 Special Meetings.

Following discussion, upon motion duly made by Director Brzostowicz seconded by Director Willis and, upon vote, unanimously carried, the Board approved the Minutes of the February 3, 2021 and February 18, 2021 Special Meetings.

There were no public comments.

ACCOUNTANT'S COMPILATION REPORT

Board of Directors STC Metropolitan District No. 2

Management is responsible for the accompanying financial statements of each major fund of STC Metropolitan District No. 2, as of and for the period ended February 28, 2021, which are comprised of the Balance Sheet and the related Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Governmental Funds and account groups for the two months then ended in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit the Statement of Net Position, Statement of Activities, Management Discussion and Analysis and all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to STC Metropolitan District No. 2 because we performed certain accounting services that impaired our independence.

RE: Pet Waste Removal/ Station Service

Dear Peggy:

Thank you for allowing DoodyCalls to prepare a pet waste management proposal for Superior Town Center. Having looked into your situation, we understand exactly why you want to keep the pet station clean for residents and their guests. As you will see with the attached proposal, I believe we can help you do just that.

If you have any questions about the proposal or would like to go over it together, just let me know. I'm here to help and you can reach me anytime.

Thanks again for your time. Our team is looking forward to providing you with the absolute best in pet waste management services.

Respectfully,

Dan Durrant Operations Manager DoodyCalls Denver Direct: 720.454.4134 denverops@doodycalls.com

Five Reasons Why Communities Love DoodyCalls

Hundreds of communities throughout the Region are keeping pet waste at bay with the help of DoodyCalls. Here's why:

Unmatched Expertise

With more than a decade of experience helping communities, homeowner associations, apartment complexes, local governments and municipalities successfully manage pet waste; DoodyCalls is the definitive subject matter expert on all things related to the "fecal" matter.

Comprehensive Pet Waste Management Plans

Eliminating pet waste takes a well-rounded approach. When you work with DoodyCalls, you get a comprehensive pet waste management plan that is tailored to meet the specific needs and budget of your community.

A Flexible Approach

As our technicians service your community, we keep a close eye on station usage, monitoring fluctuations as seasons and other factors change, and making recommendations to keep your service levels optimized for efficiency and cost effectiveness.

We Go Beyond Pet Waste Pickup

At DoodyCalls, we openly share our expertise by making available an extensive library of professionally written newsletter articles designed to educate residents about the importance of keeping pet waste off the ground. We also have a Pet Waste Management Handbook, which helps community managers like you design and implement comprehensive pet waste management plans.

Caring For the Community at Large

DoodyCalls is dedicated to making the world a better place to live, one scoop at a time. With our environmentally-friendly pet waste management practices, we not only keep your community clean and safe for families and pets to enjoy, but we work to improve the local environment as well.

CPQP Commercial Property Quality Policy

DoodyCalls CPQP is designed to ensure quality of service at every property on every visit. We are dedicated to providing a high level of Pet Waste services to all of our commercial property customers, therefore the following process will be used.

- A Manager will accompany the Technician on every initial cleaning. This will ensure that all parameters and expectations are clear. An email will be sent to the Property Manager.
- Within 60 days of the initial visit, a Manager will perform a quality spot check. This will ensure everything is being done correctly. An email will be sent to the Property Manager stating the findings of the spot check.
- Periodic quality spot checks will continue throughout the life time of the contract.

We thank you for your business. Craig hammer - Owner

Health and Environmental Impact:

DoodyCalls is dedicated to keeping the residents in your community healthy and easing the impact of the community's pet waste and trash on the environment. Studies have shown that 1 gram of pet waste contains 23 million Fecal Coliform Bacteria which are known to cause cramps, diarrhea, intestinal illness, and serious kidney disorders in humans. Leaving pet waste on the ground allows it to wash in to storm drains and contaminate the region's water supply. In addition, the waste that enters the water supply causes rapid algae growth that cuts the oxygen in the water and kills plant life and fish.

<u>Contract</u>

Weekly Pet Waste Removal 15 ft around each Pet Station & Pet Station Service

Every Other Week Scooping Service - \$140.00 per service

Weekly Station Service - \$55.00 per service

Mitt Bag Refills - \$7.25 per roll

30 Day written notice for cancelation

should management company change, DoodyCalls needs to be notified in writing within 10 days of the change to ensure invoices/bills are sent to the appropriate location

If approved to move forward, please sign and return.

ENGINEER'S REPORT

Introduction

Ranger Engineering, LLC. ("Ranger") was retained by STC Metropolitan District No. 2 ("District") as an Independent Consulting Engineer to certify costs associated with constructed Public Improvements associated with the District. Per the Cost Sharing Agreement between the Superior Urban Renewal Authority ("SURA") representing the Town of Superior ("Town"), RC Superior LLC ("Developer"), and the District, a portion of the costs are eligible to be reimbursed by the Town of Superior. It should be noted that personnel from Ranger were formerly part of Tamarack Consulting, LLC and Manhard Consulting, Ltd., both of which have been engaged by the District to certify costs related to the Public Improvements.

The District is located within the Town of Superior, Colorado. The development area is approximately 91 acres. This certification considers soft & indirect and construction costs.

The attached Engineer's Certification states that the Independent Consulting Engineer finds and determines that the constructed value of the Public Improvements considered in this Engineer's Report for Draw Package 70, including both soft and hard costs from approximately January 2021 to February 2021, are valued at \$1,271,679.72 for the District, and \$937,086.72 for the Town. Table I summarizes costs certified to date.

Table II summarizes the cost breakdown of the construction, soft and indirect, district funded costs, and system development fees. Tables III, IV, V, and VI provide category breakdowns of construction, soft and indirect, district funded costs, and system development fees reviewed for this certification. Table VII provides a detailed breakdown of the eligible hard costs per the Service Plan categories and the SURA categories. Table VIII provides a detailed breakdown of the eligible soft costs per the Service Plan categories and the SURA categories. Table IX provides a detailed breakdown of district funded costs per the Service Plan categories and the SURA categories. Table IX provides a detailed breakdown of district funded costs per the Service Plan categories and the SURA categories. Table X provides a detailed breakdown of system develop fee costs per the Service Plan categories and the SURA categories and the SURA categories.

Public Improvements as Authorized by the Service Plan

Ranger reviewed the Service Plan associated with Superior Town Center Metropolitan District No. 2 ("Service Plan"); dated May 13, 2013.

Section I-A of the Service Plan states:

It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of the anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these public improvements.

Section V-A of the Service Plan States:

The District shall have the power and authority to provide the Public Improvements and related operations and maintenance services within and beyond the District Boundaries as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein.

Section V-A.8 limits debt issuance to \$145,000,000. Exhibit C-2 maps depict the Inclusion Area of Public Improvements at the time the Service Plan was approved. Ranger has determined that the constructed

improvements and associated soft and indirect construction costs ("Public Improvements") under consideration in this report and certification for reimbursement by the District are indeed authorized by the Service Plan.

Scope of Certification

The Cost Sharing Agreement has identified cost categories eligible for reimbursement. The cost categories reviewed for this report include earthwork, storm sewer, sanitary sewer, domestic water, and mob & temporary conditions. For a breakdown of district eligible costs, refer to Tables II - VIII.

General Methodology

Ranger employed a phased approach toward the preparation of this Engineer's Report and Certification of Public Costs ("Engineer's Certification").

Phase I – Authorization to Proceed and Document Gathering

Ranger was authorized to proceed with the Engineer's Certification in December 2015 (as Tamarack Consulting, LLC). The initial construction documentation was provided by the District January 11, 2016. Subsequent supporting documentation for Phase II construction improvements was delivered by the District through the current cost certification.

Phase II – Site Visit and Meetings

Ranger has performed site visits to verify completion of work relating to District infrastructure during Phase II construction improvements. The site visits were to verify general conformance with contract documents and does not guarantee quality or acceptance of public improvements.

Phase III – Review of Documentation

Documentation was requested at the beginning of work. Requested documentation include the following:

- Executed Contracts and Bid Tabs
- Approved Construction Drawings
- Acceptable Proof of Payment (Cancelled checks and bank statements or lien waivers)
- Invoices and/or Pay Applications
- Approved changes or amendments to contract documents
- Copies of any agreements that will impact District funding

See Appendix A for a complete listing of documents reviewed, as deemed necessary, by Ranger.

Phase IV – Verification of Construction Quantities

Construction quantity take-offs were performed from applicable construction drawings. These quantity take-offs were used in conjunction with Phase V below to certify reasonableness of construction costs.

Phase V – Verification of Construction Unit Costs and Indirect Costs

Construction Unit Costs and Indirect Costs were reviewed for market reasonableness. Ranger took into consideration the type of construction and the timeframe during which the construction occurred. Ranger determined that the costs incurred were within a reasonable range.

Phase VI – Verification of Payment for Public Costs

Per current agreements, District funded costs are approved before payment is made. Contractors and consultants are to provide Conditional Lien Release Waivers for the amount of payment requested. After payment is made, the contractors and consultants are to provide Unconditional Lien Release Waivers. When applicable, cancelled checks and bank statements are also used to verify proof of payment. Certain soft and indirect costs that have portions that are both publicly and privately funded but have not yet been paid are included in this certification. These costs are clearly identified in Table VII Soft and Indirect Costs Detail in the District and Developer Disbursement columns. These costs are included in order to identify the public and private costs and assign these costs to either the Developer or the District. The proof of payment in the form of cancelled checks and bank statements will be reviewed as payments are processed and reflected on future certifications.

Phase VII – Determination of Costs Eligible for Reimbursement

Ranger concluded the Engineer's Certification by determining which improvements were eligible for District and Town reimbursement and what percent of the costs for those improvements were reimbursable.

Cost Certification Phase II construction improvements that were reimbursable consisted of roadways, paths, & hardscape and temporary conditions.

In Cost Certification #24, an Xcel fee was determined eligible in the amount of \$72,886.93. This cost shows up on two separate District funding requests. A check was originally written to pay this fee but was canceled. After verification of the costs, the District wrote another check to pay for this fee per the June funding request, even though this cost was certified on Cost Certification #24.

A fee for American Fence directly paid by Lee Merritt of Ranch Capital was duplicated on Cost Certifications #24 and #25. There is a deduction on Cost Certification #26 to reconcile the overall costs paid to American Fence.

The Town of Superior provided a contribution of \$198,795.49 directly to the funding of the McCaslin Roundabout scope of work performed by Hall Irwin Corporation. On Cost Certification #27, a credit was identified for this amount to be applied to District costs. This credit did not impact the amount of reimbursable costs for the Town. The intent of this credit is to show the financial impact of the Town directly providing these funds.

Hudick Excavating Inc. ("HEI") provided Pay Application 1 directly to the District and Pay Application 2 to the Developer. The funding for these pay applications was allocated separately, but the costs were still determined to be District eligible.

On Cost Certification #31, Samora Construction Contract, costs were submitted for work related to Superior Roadway, which had the top 2" lift fail. Samora issued a credit in the amount of \$9,975 for the 2" failure on Cost Certification #32. When this work is accepted, the full line item will be billed. Costs submitted deemed District eligible for Ninyo & Moore on Cost Certification #20 were realized to be partially non-District. A negative cost of (-\$2,984.79) was identified on Cost Certification #31 to adjust for the non-District costs previously certified.

On Cost Certification #33, adjustments were made to account for errors in prior Cost Certification reports that were identified after performing an audit of certified costs to date. A Cut Above had duplicate costs certified on Certifications #21 and #22. There was a Special District Management Services, Inc invoice that was incorrectly captured as Capital costs as well. Lastly, there were various vendor invoices that were not included in final reports, and those costs were captured at this time.

During the review of Cost Certification #34, the Town notified associated parties that costs associated with the Medical Office Building Garage would not be eligible under SURA until approved by the Town Board, per Resolution No. R-36. Garage costs are currently determined to be District eligible and will become SURA eligible upon the Town Board approval.

System Development Fee backup was provided with Cost Certification #41 backup, but the costs were not included in the report, pending comments and coordination between the Town and the District.

In February 2019, the Town reviewed costs that had been applied to the *Public Park Amenities and Facilities* Town Category. Miscellaneous line items that were labeled under this category were updated to different Town Categories. The impact was that \$14,209.35 was reallocated to *Mob & Temporary Conditions*, \$719,328.02 was reallocated to *Roadways, Paths, & Hardscape,* and \$780,200.89 was reallocated from *Park Site Development* to *Public Park Amenities and Facilities*.

On Cost Certification #48, System Development fees were certified for the first time. Fees related to SDC – Planning Area 3 Residential were only District eligible, while fees related to SDC – Planning Area 1 and 2 Residential and Commercial, as well as SDC – Planning Area 3 Commercial were considered District and Town eligible.

Cost Certification #48 missed the inclusion of the last two System Development fees in the certification. The costs are shown in Table X, but are not included in the actual certified amounts. These last two costs are carried over to Cost Certification #49 where the values are included in the certified amounts.

On Cost Certification #49, the MOB Parking Structure ("MOBPS") costs were certified as a District Funded Cost. The overall reconciled market value of the MOBPS was determined per a report prepared by National Valuation Consultants, Inc. ("NVC"). NVC determined that the MOB Parking Structure has a reconciled market value \$4,260,000 (assuming completion by January 11, 2018). A prorated amount of the MOBPS District value was determined per a memorandum provided by Walker Parking Consultants ("Walker") based upon public versus private parking availability in the MOBPS. Ranger utilized the Declaration of Parking Structure Easement and Cost Sharing Agreement based upon the definitions of *MOB Spaces, Preferred Parking Period,* and *Public*

Spaces to review a prorated value and determined that Walker's percentage was reasonable. Utilizing the NVC market value and the Walker prorated percentage of 52%, a District value of \$2,215,200 was utilized in the Real Estate Sale Contract between the Developer and the District regarding the MOBPS. The full value of the Real Estate Sale Contract value was deemed eligible.

On Cost Certification #50, a subcategory of Civic Space was added as part of the Public Park Amenities and Facilities Town Eligible Categories. All costs under the Civic Space subcategory are rolled up into the overall Public Park Amenities and Facilities costs.

On Cost Certification #57, a credit of - (\$75,000) was issued against Spence Fane on soft costs. These costs were reimbursed through proceeds during bond closing and was adjusted to make sure cost reimbursements were not duplicated.

On Cost Certification #58, Construction Management ("CM") fees were reviewed for the first time. The costs include multiple CM providers from the beginning of the project to present. Also, on this certification, a credit was applied against Vargas Property Services Inc. for costs that were certified on Cost Certification #57, but were also processed through the District.

On Cost Certification #52-#58, costs related to the interior courtyard as part of Block 25 Phase 2 had the eligibility removed until further review was completed to determine the extent of public costs. These costs were related to stairs, retaining walls, and electrical systems for lighting, and are subject to being included as eligible at a later time.

Beginning on Cost Certification #60, costs related to Toll Brothers development of Block 17 and Superlot 5 were reviewed and certified. Toll Brothers have a reimbursement agreement with the Developer for the buildout of this site. Certification #60 was the first submittal of costs related to the Toll Brothers development and included multiple months of costs to date. A site takeoff specific to this scope of work was performed, identifying a public eligibility of 62.15%.

Samora Invoice 731 certified costs were duplicated on Cost Certification #63. A correction was applied on Cost Certification #64.

Cost Certification #66 included Toll Brothers Q3 costs listed in hard costs and soft costs.

Cost Certification #68 included Toll Brothers Q3 and Q4 costs listed in hard costs and soft costs. Down To Earth Compliance Invoice 51584 was credited back after determination that all costs previously certified in Cost Certification #67 were related to private improvements.

ENGINEER'S CERTIFICATION

Collin D Koranda, P.E. / Ranger Engineering, LLC (the "Independent Consulting Engineer"), states as follows:

1. The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and certification of Public Improvements of similar type and function as those described in the above Engineer's Report.

2. The Independent Consulting Engineer has performed a site visit and reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Certification.

3. The Independent Consulting Engineer finds and determines that the constructed value of the Public Improvements considered in the attached Engineer's Report dated March 26, 2021 including soft and indirect, District funded, and hard costs, are valued at an estimated **\$1,271,679.72.** In the opinion of the Independent Consulting Engineer, the above stated estimated value for the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe in similar locales.

Sincerely,

Ranger Engineering, LLC

Collin D. Koranda, P. E.
